

Product Name :
Bench vice 150mm

Product Code :
LIM-CAT-L0029-00001

Description :

Bench vice 150mm

Technical Specification :

Bench vice 150mm with swivel base

150 mm Mechanic Swivel Base Bench Vice is widely used in various industrial applications and workstations. 150 mm Mechanic Swivel Base Bench Vice with its user-friendly design makes it easier to securely and firmly hold any object from sanding, chipping, finishing, sewing, welding and other applications.

Mechanic Swivel Base Bench Vice has a large anvil area suitable for heavy-duty mechanical and industrial operations. Swivel Base Bench Vice has a 360-degree swivel rotation angle, which can be locked easily while working.

The square thread in the Base Bench Vice has been strengthened and made using higher quality steel. The 150 mm Mechanic Swivel Base Bench Vice has jaw plates made using hardened steel to provide form and reliable grip while working.
