

Product Name :
Hydraulic Pipe Bending Machine 3/8 - 2

Product Code :
LIM-CAT-L0030-00001

Description :

Hydraulic Pipe Bending Machine 3/8 - 2

Technical Specification :

Hydraulic pipe bending machine 3/8 - 2"
Precise bending with the angle scale on the support brackets
Reduces welded joints
No pre-warming of pipe is required
No bending forms needed
Easy and simple operation
Closed, low-maintenance hydraulic system with a mono-block design and with quick, automatic piston retraction
Supplied complete with: moulds, wooden case, tripod.

Hydraulic Pipe Bending Machine, Hydraulic Pipe Bending Machine Bulk Suppliers, Hydraulic Pipe Bending Machine Tools, Hydraulic Pipe Bending Machine Hydraulic Pipe Bending Machines, Hydraulic Pipe Bending Machine Manufacturers, Hydraulic Pipe Bending Machine Suppliers from India, China, Kenya.
