

Product Name :
Toilet Plungers Different Types

Product Code :
LIM-CAT-L0039-00003

Description :

Toilet Plungers Different Types

Technical Specification :

Toilet plungers, different types
 5x Hand operated model
 45cm wood handle –
 15 cm rubber force cup
 Great for residential and commercial use
 Clears clogged toilets & drains
 Long wooden handle and red color cup
 Generates high capacity force to clear out clogs
 3x Compressed air operated model
 Holds pressures of up to 87 psi/5 bar
 Plunger head expands and ensures an airtight seal for pressure
 A single press of the air button will blast a high pressured gust of air and immediately clear the clogs.
 Plunger adapters will create airtight seals and clear any clog from toilets, bathrooms sinks, kitchen sinks, floor drains and various other uses.
