

Product Name :
Motorized Concrete Screed Finishing Float

Product Code :
LIM-CAT-L0024-00022

Description :

Motorized Concrete Screed Finishing Float

Technical Specification :

Motorized concrete screed finishing float
Vibrating Power Screed Assembly with Engine with 7-feet Screed Blade.
Accurately level up to 4 times more concrete than traditional methods.
Easily maneuverable, pick the frame up easily for simple portability.
Simple to operate with Low Maintenance design, this equipment is the ultimate screed assembly for professional concrete jobs.
Working width 250-300 cm
Power: 1,5 hp petrol engine
Weight-drive unit: 13 kg
Vibration unit in Aluminium housing
Handle and profile made of chromed steel and aluminium alloys.
