Product Name:

Automatic Computerized Consolidation Test Apparatus

Product Code:

Description:

Automatic Computerized Consolidation Test Apparatus

Technical Specification:

Automatic Computerized Consolidation Test Apparatus

Vertical force: 20 kN, Ram travel: 25 mm

Testing speed: 0.00001 mm/min, Testing speed: 50.00000 mm/min, Horizontal clearanoe: 175 mm,

Vertical Clearance: 185 mm, (265 mm with extension columns),

Dimension: 300 x 390 x 600 mm

Weights: 40 kg,

Power: 220-110 V, 50-60 Hz, I ph.

Additional Accessories: CRS cell, Extension rods, Pressure transducers,

One water pressure line

Cracked Software
