

Product Name :
Rock Surface Tester

Product Code :
LIM-CAT-L0046-00003

Description :

Rock Surface Tester

Technical Specification :

The 2.4-inch color graphic LCD provides excellent readability and an intuitive display that is easy to negotiate. The LCD also includes a backlight for improved visibility in dark environments. The Surface test can be operated easily using the buttons on the front of the unit and under the sliding cover. Up to 10 measurement conditions and one measured profile can be stored in the internal memory. An optional memory card can be used as an extended memory to store large quantities of measured profiles and conditions. Access to each feature can be password-protected, which prevents unintended operations and allows you to protect your settings. The display interface supports 16 languages, which can be freely switched. An alarm warns you when the cumulative measurement distance exceeds a preset limit.
