

Product Name :
Particle Counter

Product Code :
LIM-CAT-L0048-00009

Description :

Particle Counter

Technical Specification :

Simultaneously measure and display 3 channels of particle sizes (down to 0.3 μ m), Air Temperature & Humidity.
Direct dust concentration numerical method.
Invasive electronic cutting technology.
Light scattering principle test accuracy.
Quick response test.
Pollution level representative color display.
Off effect high capacity lithium battery power supply.
Intelligent recognition automatic shutdown, power saving.
Simple operation without maintenance.
Microprocessor control with advanced digital signal processing capability.
The dust ion is greater than or equal to 0.3 μ m only Hyper sensibility.
Particle size ranges from 0.3 to 10 μ m.
