

Product Name :
Vertical Band Saw For Metal Cutting

Product Code :
LIM-CAT-L0051-00024

Description :

Vertical Band Saw For Metal Cutting

Technical Specification :

This band saw includes everything you need to cut out the center of the material without having to fix a cut through it.
Manual shear lets you cut the blade, so you can run it through the workpiece, then weld it back together.
The standard fully-integrated band saw blade welder has a built-in grinder for finishing the weld joint—great for getting to the center of a cut or repairing blades.
Thick steel plate framework minimizes vibrations to deliver accurate cuts and helps the machine last for many years.
Air blowdown system cools the blade and keeps the saw clean from material chips and shavings.
Floor standing, 2/variable speed.
Table size: c.350-450 mm square, table tilt facility.
Cutting height: c.150-300 mm.
Cutting width:c.300-400 mm, blade guard, no-volt
Release switch, 220 V / 400 V. 2.5-3 hp power
