

Product Name :
Impact Wrench Air

Product Code :
LIM-CAT-L0072-00034

Description :

Impact Wrench Air

Technical Specification :

Impact Wrench Air
Output square solid 12.5 mm (1/2 inch)
Working pressure (bar) 6,3 bar
Coupling plug nominal diameter 7.2 (included)
Air connection inlet (from compressor) female thread (IG) 12.91 mm (1/4")
Air consumption 127 l/min (2.1 l/sec)
Net weight (g) 1242 g
Right/left rotation three-stage (right rotation), single-stage (left rotation)
Sound pressure level (at operating pressure) 97.1 dB(A) Lp A
Sound power level (at operating pressure) 108.1 db(A) Lp W
Percussion unit (type) Jumbo hammer percussion unit
Hose diameter (recommended) 10 mm
Screw size: M 16 M
Vibration acceleration 9.57 m/s²
Mains plug No plug
Batteries required for operation no
Tightening torque 678 Nm
Recommended torque 610 Nm
Loosening torque 1100 Nm

Revolutions/minute 10000 rpm.
