Set of Rim Protectors for Mounting Tires

Technical Specification :

Set of Rim Protectors for Mounting Tires

For removing and installing tires on a rim.

Fits over the rim

Protects the rim from scratches and damage.

Good Tire Protector & No Damage - This motorcycle wheel rim protector is designed to protect your rims from scuffs and scratches when changing tires, reducing the risk of accidental damage to your pristine Wheel Rims from tire changing tools such as tire spoons / irons / levers.

Strong Elasticity & Quick to Shape - With good elasticity, tire changer rim savers fit most of motorcycles, after bending deformation, it can instantly return back to the original shape, easy to use, carry and storage.

Sturdy Durable & Repeated Use - Made of high quality polyurethane material, wheel mount saver is soft and durable, motorcycle tire changing tools can be used multiple times without breaking or wearing out, ensuring long time and safe service.

Convenient Use with 5pcs/set - Comes with hole and string, tire changer guard rim protector is convenient to use, easy to operation.
