

Product Name :
Exhaust Gas Measuring Devices Gasoline Engine and Diesel Engine

Product Code :
LIM-CAT-L0072-00063

Description :

Exhaust Gas Measuring Devices Gasoline Engine and Diesel Engine

Technical Specification :

Exhaust Gas Measuring Devices Gasoline Engine & Diesel Engine

Multi-fuel compatibility

LCD Screen

Azerty/Qwerty keyboard

Built-in thermal printer

Inductive RPM sensor

Piezo sensor

Oil temperature probe

Data security: OTC Lan | GIEG Lan

Mobile trolley

Gas Analyzer| Petrol Engines

4-gas analyzer| CO, CO², HC, O²

Preheating time less than 5mn at 20°C

Condensation automatic extraction

Automatic auto 0 every 30mn, priority to measurement

Smokemeter | Diesel Engines

Comply with smoke emission PTI as well as workshops checks

Opacity curve display feature

Adjustment to 0 and automatic calibration
No calibration needed
Bluetooth (CAP1221)
Dual mode
Multiple gas check
Technical inspection
Supply 115-230V 1,5A | 47Hz to 63Hz.

Laboratory instruments manufacturers India
